

## **Success Story**

### **SEWA SADAN EYE HOSPITAL (TRUST)**

**SANT HIRDARAM NAGAR, BHOPAL-462030**

## **Complicated surgery of Parotid could become possible with the blessings of Sant Hirdaram-Naresh Ratnani**

**Datia based Naresh Ratnani 50 years have said that his complicated surgery of parotid of right ear could become possible only with the blessings of Paramhans Sant Hirdaram Sahibji and with the grace of eminent American surgeon Dr. Brandon Johnson. This was his fourth attempt to operate his old parotid within 17 years. Naresh Ratnani is a Readymade garment trader at Datia. Earlier he was operated at Datia twice and at Lucknow for his complicated parotid surgery but after getting operated again that parotid developed and his condition remained as earlier.**

**On learning about the Free Urology and General Surgery camp, Naresh Ratnani came to Sant Nagar and got operated by American based General surgeon Dr. Brandon Johnson on Tuesday February 25<sup>th</sup>, 2020. This was 12 hours long successful surgical procedure. Day after this surgery when Naresh saw his face he was very surprised and happy. He told that the quality of this procedure is comparatively more better. He bowed his head on the portrait of Sant Hirdaram Sahib ji and expressed gratitude to Dr. Brandon Johnson.**

### **Mamta Chouhan**

**Mamta Chouhan 50 years is resident of Shiv colony, Sai Mandir area, Harda. She is mother of four children. She was also ailing with enlarged glands of the neck since last 30 years. Though her glands were painless but she always feel frustration due to ugliness. Husband Pradeep Chauhan runs a grocery shop and the income of family is very meager. Earlier she went to Bareilly, Lucknow and Harda to get herself operated in private hospitals, but due to costly treatment and surgery procedure, she couldn't do so. On learning from Ravi Prakash Ramani, a Harda based social activist, she could know about the Free General Surgery camp. Later Mamta came to Sewa Sadan Eye Hospital, Sant Hirdaram Nagar where Dr. Brandon Johnson performed her successful surgery continuously for 8 hours. Mamta is very impressed with the service spirit of American surgeon, Paramedical staff, Volunteers, Quality of post operative care.**

**Not only Naresh Ratnani and Mamta Chouhan but few other human stories of Munni bai of village Hinotiya near Doraha, Radha bai of Village Gair Khedi near Shujalpur are also similar. Their enlarged neck glands have also been operated in the camp.**
